Kelowna, BC. V1W5H5

July 8, 2018

To the citizens of Mortlach -

Last week we turned off the highway to change drivers and have a bit of lunch on our way home to B.C. from Manitoba.

What a delightful surprise Mortlach was! Your Avenue of Trees will be a beautiful welcome to a historic town when those trees mature. We were most impressed by the small signs erected at various points which vividly illustrate life in Mortlach in the early 20th century. And we admired the sensitivity and individuality which you have put into the care of so many of your buildings, homes and gardens.

You and your historical society have done a superb job. Keep it up!

Sincerely,

Conn and Diana Derksen.
